

# BORN IN SCOTLAND, RAISED IN JEREZ

NOMAD is the only Outland Whisky® that begins its journey in the cradles of whisky such as Scotland, to finish aging in Jerez, in Sherry Casks in the century-old Gonzalez Byass Wineries, to defy the exceptional and go beyond the rules of whisky.

## NOMAD RESERVE 10 YEARS - TRIPLE CASK

Born in Scotland, in barrels that contained Bourbon where it rests for 6 years. Then the liquid travels to Jerez where it will have a double aging: first, 2 years in casks that have previously contained PX and then, 2 more years in casks from the renowned Oloroso Matusalem.

## INTENSE COLOUR

It ages in casks previously winened with sherry wines such as Oloroso Matulasem and PX, achieving an intense dark amber color and a balanced alcohol content of 43.1%.

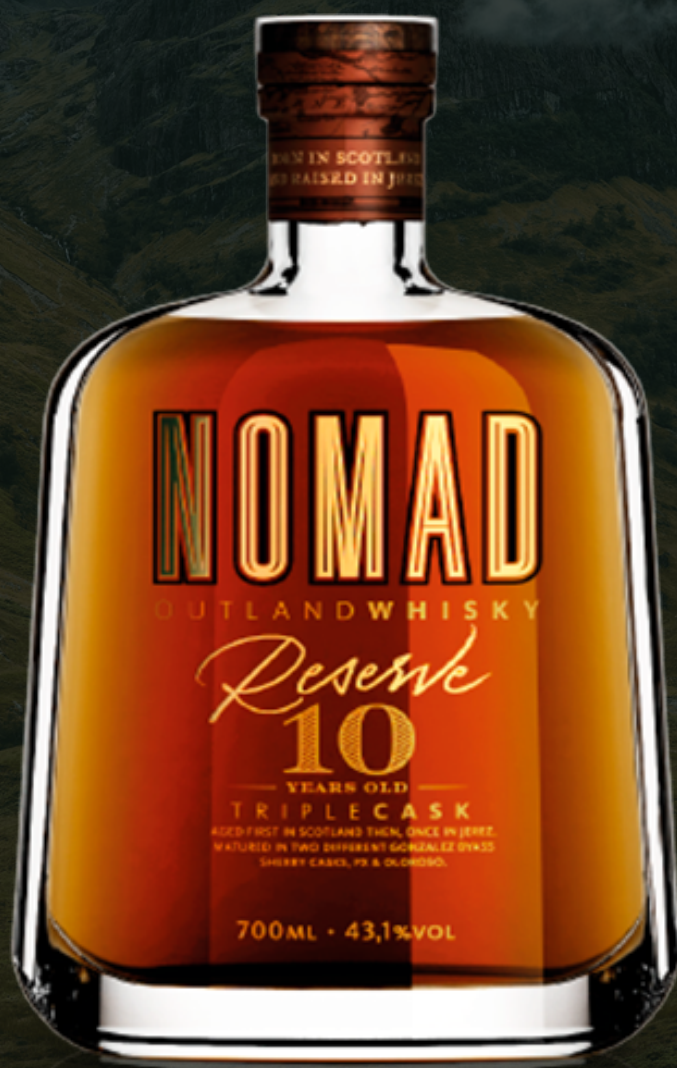

## A SENSE OF THE EXCEPTIONAL

Exceptional aromas on the nose, of malt mixed with the wine-like aroma from the Sherry.

Notes of wood, honey, toastiness, nuts, coffee, and vanilla.

Full of flavor and smooth on the palate at the same time, it displays a great variety of subtle flavors - of oak, raisins, and Sherry from the Scotch whisky and the Sherry that was once kept in the casks.

With a long, delicious finish, this is a very special, very high-quality whisky that combines the character of Scottish malt and the elegance of Sherry, come together.
