

JEAN-LUC COLOMBO

LES ABEILLES

Jean-Luc Colombo has forged an international reputation as one of the most visionary and imaginative winemakers in France's Rhône Valley and especially in Cornas.

Les Abeilles (The Bees) is a blend of red southern Rhône grapes, giving this medium-bodied, velvety wine intriguing aromas and flavors of red fruit, licorice and spice against a backdrop of smooth, silky tannins.

BEE HELPFUL

This wine is named for bees - those crucial yet fragile creatures which play an essential role in biodiversity through pollination. Sadly their hives are threatened by a mysterious condition called Colony Collapse Disorder (CCD). The Colombo family keeps their own hives in the Rhône Valley & actively supports research to eradicate the threat against bees by donating a portion of the sale of this bottle to honey-bee research.
