Tío Pepe en Rama 2026: Wine in its purest expression

Every spring, as nature awakens and life begins to flourish, the Bodega de La Constanancia celebrates an important winemaking tradition: the selection of Tío Pepe en Rama. Now in its 17th year, this process is a dialogue between wine-maker and bodega—an exercise in respect for history, craftsmanship, and passion that culminates in choosing the finest casks to embody the true essence of Tío Pepe.

For 2026, 95 casks have been carefully selected to bring Tío Pepe en Rama to life, a wine that carries 191 years of heritage. This internationally recognised and awarded fino is far more than just a wine; it is a cultural icon, a symbol of Jerez, and a cherished family legacy.

This year, the flor—so essential to biological ageing—has once again shown remarkable vigour. After an autumn with springlike temperatures and a mild yet exceptionally rainy winter, the flor has thrived in ideal humidity and temperature conditions, imparting to Tío Pepe en Rama 2026 a truly distinctive character. The 2026 edition of Tío Pepe en Rama is a tribute to life, joy, and origin.

A Wild Wine, Unfiltered En Rama

Tío Pepe en Rama is the purest expression of vineyard and bodega: a wild, unfiltered wine that retains all the intensity and nuance of its origin and ageing. The albariza soil and flor come together in perfect harmony to create an exceptional fino.

TASTING NOTES

Tío Pepe en Rama 2026 shows a pale golden colour with a gentle haze—evidence of flor remaining in suspension. The nose is intense and aromatic, with notes of coastal salinity, interwoven with hints of almond, chamomile, lemon, and freshly baked bread. On the palate, it is crisp, dry and beautifully savoury, marked by its signature saline edge. The flavours are precise and layered—nutty, citrusy and delicately bitter in the classic fino style—leading to a long, mouthwatering finish.

A Limited-Edition Oenological Treasure

This 2026 release is drawn from the finest casks in our soleras, expressing the strength and character of the Macharnudo and Carrascal pagos. Its biological ageing gives it its unmistakable personality.

Tío Pepe en Rama 2026 is an oenological treasure to be discovered and enjoyed—a wine that speaks of the history, tradition, and passion of a family devoted to creating unique and exceptional wines.
