BERONIA TEMPRANILLO ELABORACIÓN ESPECIAL 2024

VINTAGE

The 2024 vintage in Rioja Alta was characterized by a harmonious year, featuring a spring with ample rainfall that facilitated the proper development of the vineyard, followed by a summer onset that necessitated vigilant oversight to ensure optimal health.

The summer progressed with moderate temperatures and no extremes, facilitating a steady advancement of the vegetative cycle. The significant temperature variation between day and night, particularly in the weeks preceding the harvest, was essential for a gradual and uniform ripening, maintaining freshness and enhancing the optimal expression of fruit in the grapes intended for red wines.

These conditions culminated in a vintage characterized by a balanced profile, featuring well-defined grapes, notable fruit intensity, and a suitable structure, establishing the groundwork for approachable, fresh red wines that embody the essence of Rioja Alta.

ELABORATION

For our Beronia Tempranillo Special Edition, we meticulously select only the finest grape clusters. Alcoholic fermentation, succeeded by malolactic fermentation, occurred in 225-liter American oak barrels, where the wine aged for an additional six months with regular lees stirring. Ultimately, the wine was bottled in December 2025 and underwent a minimum of two months of aging prior to its release.

PAIRING

Beronia Tempranillo Elaboración Especial complements smoked dishes, pâtés, carpaccios, and game birds exquisitely. It is recommended for consumption until 2031.

STYLE

Beronia Tempranillo Elaboración Especial presents a profound cherry-red hue. Its appealing and intricate bouquet showcases the hallmark aromas of Tempranillo, including red fruit and licorice, set against a backdrop of toasted and menthol notes that enhance its aromatic profile. On the palate, it is a remarkably fresh and varietal wine, with red fruit flavors prominently featured alongside hints of cocoa and mineral undertones. This wine is characterized by its length and well-integrated tannins, making it perfect for savoring a range of sensations.

Grape Varieties: 100% Tempranillo

Barrel Aging: 6 months in barrels

Bottled: December 2025

Alcohol Content: 14%

Contains Sulfites

Suitable for Vegans

750 ml Acidity 5g/L (tartaric acid) Sugars 2.4 g/L
